Absolutely none...no replies from anyone...maybe because it was the weekend??? Will let you know if I hear anything today but we may want to cue up other regions?

hey Gina, Happy Sunday!

Just checking in to see if you had any volunteers. Thank you, lw

Well, that pretty much about sums it up. Please send to OSCs (maybe ask Les and Johanna on their willingness) and I'll see if I need to strong-arm someone on Monday. Thanks Gina!

So left you a vm about this...so I looked at the requested positions again...planning section we have only Mark Aguliar (and I can't remember if he quit the IMT?), Joni, Dee and me so that one may have to go to outside regions unless see or Joni want to go back. The other positions were, for the most part, OSCs only.

IC-hays, Paul, David and Johanna (historical, not sure if she is willing to do anymore?)

OPS and FOSC sup-Craig, both Steves, Pete, Hays, and Les Simms (he was an OSC in R4). But I thought by virtue of holding the OSC job, you could be an OPS chief...? So, depending on who's avail, we may need to go to outside regions for that too.

Let me know how you want me to help...cheers, G

Are there others who can fill the KLPs (Preparedness or other programs, as well as OSCs)? We sent out a pretty large wave in the first 2 weeks and then had only 1 or 2 OSCs who could backfill for next time frame. HQ seems to want to prolong this response (daily monitoring without an endpoint with ICP and Area Command support) so we need to go at this with a long-term mentality. Thank you, lw

I sorry Laura, I didn't send this out. Was under the impression that unless she told me specifically to help that it was being handled. I am not in the office today but can send it out...? Just to our OSCs I presume??

Gina,

Have you sent this out to folks? Is there any feedback and/or do you need me to assist with motivating OSCs? Please let me know how I can assist. Thanks, lw
